

Mistakes...

Are they
even
allowed?

What do
I do?

No matter what I
do, the damage
only gets worse

I want
to disappear

I always
worked in
digital, so
I'm just
filling in
black, but...
Time is...

I-I better
keep up
as well...

This page
too,
please.

Kaosu.

Yes!

Wah!!

I mustn't
stain the
manu-
script,
but my
hands
are sha-
king...

I won't
allow this,
you bastard!
To hell
with
youuuu

Gulp

tatatata-
that's ok,
calm down...
If I can make
a pretty
correction
so that
nobody
notices...

Kaosu-
chan!?

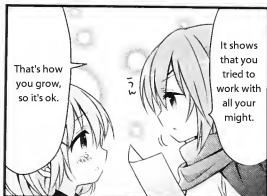

Guhh

You're
sweating
a lot,
are you
okay!?

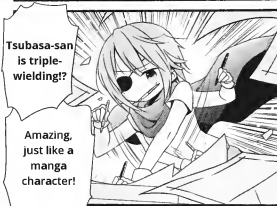

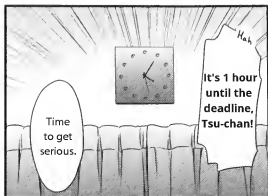

Escape from
reality

Nooo—
I need
Ruki-san's
pongtail
to calm
me down...

Thank you for the hard work.

Or am I wrong?

Erm

I mean, I thought of you as a friend already.

The very image of strong yet gentle shonen manga protagonist, right?

Calm yet passionate, Tsubasa-san is pretty cool, isn't it?

Someone like me is unworthy of such lovely girl as Koyume-chan...

That's mind-boggling...

Is this why she can draw interesting manga, I wonder...

Ah...

The very image of protagonist...

I also want to get to know you better.

You're a good girl, Kaosu-chan!

Ru-Ruki-san...

Even though I want to draw a cheerful protagonist with lots of friends...

I am... the total opposite...

Tsubasa-san... In her sleep...

Overcoming crunch time with me together, my comrade...

A super dark monologue is escaping from Kaosu-chan!!

I'm nothing but a burden to everyone around me, so I'll never have any friends, boo-hoo-hoo
